## 0 Preliminary remark

The further course of the Covid-19 pandemic with all its consequences is still difficult to assess, also with regard to planning for 2022. The health of all athletes, coaches and employees has the highest priority. All the more we are pleased that we can hold the event in Warnemünde.

All participants are requested to observe the usual and known hygienic measures. If one or more participants of a team show symptoms of illness or cold before or during the journey, we ask the team to refrain from travelling and (further) participating in the interest of all athletes. The organizer expressly reserves the right to remove individual athletes or teams from the competition if a possible infection is suspected and to isolate them from the rest of the field of participants.

In addition, the organizer reserves the right to change or tighten the requirements for participation in the DLRG Cup, the competition as well as the accompanying and supporting events in whole or in part at short notice or to cancel them completely, if the current situation, in particular legal requirements or other requirements and orders, require this. The change, in particular tightening of conditions, does not constitute an extraordinary right of withdrawal from participation or the reimbursement of entry fees and participation fees. However, the NEM obligation does not apply to any necessary designation of substitute athletes.

The organizer also reserves the right to cancel the DLRG Cup at short notice due to corona conditions with reimbursement of the entry and participation fees. There is no claim compensation on the part of the organizer, e.g. for cancellation costs for booked accommodations.
